

SPARES AND ACCESORIES EQUIPMENTS

1. 6 way Thyristor Solid State Switching 200A.
2. 6 way Thyristor Solid State Switching 140A.
3. Single pole 200A. contactor. 110V Coil
4. Three pole 60A. contactor
5. Solid State Relay with heatsink 30A.
6. Circuit breaker 63A. DIN rail
7. Panel mounted MCB breaker 70A.
8. Energy regulators
9. Fuses in different formats
10. 300A. female panel mounted camlok connector
11. Panel mounted sockets, fuse holder and neons
12. 100, 160 and 250A. MCB switches
13. Fans in different diameters and flows
14. P256 – 6 channel Programmer
15. Temperature and energy digital regulator
16. Network analyzer V/A/Kw
17. Current transformers 5/200-400-600A

NOTE: The equipments shown is a sample of our availability, other equipment and configurations can be manufactured or supplied according to customers needs.
